# The Foundation Package 2026/2027

Wax Melt Format: Each Foundation fragrance is available as a wax melt, using the same scent as its corresponding candle. Wax melts provide a flameless way for customers to enjoy the Scripture-inspired fragrances.

The Foundation Package brings together eight of Lamb & Light's most meaningful fragrances; a curated blend of creation, courage, compassion, and Christmas wonder. Each fragrance reflects a defining moment in Scripture: light breaking through darkness, rest after completion, bravery in the face of giants, compassion extended to a stranger, the quiet strength of faithful women, and the holy night when salvation arrived. Thoughtfully selected and beautifully balanced, this collection offers supporters a rich, inspiring fragrance experience rooted in faith, story, and purpose. The same fragrances offered in Lamb & Light candles are also available as wax melts, providing customers with a flameless option for enjoying these Scripture-inspired scents.
